# Presentation Brainstorming Activity

Think of at least three general areas of interest you have. For each of these areas, think of five topics you could do a presentation about.

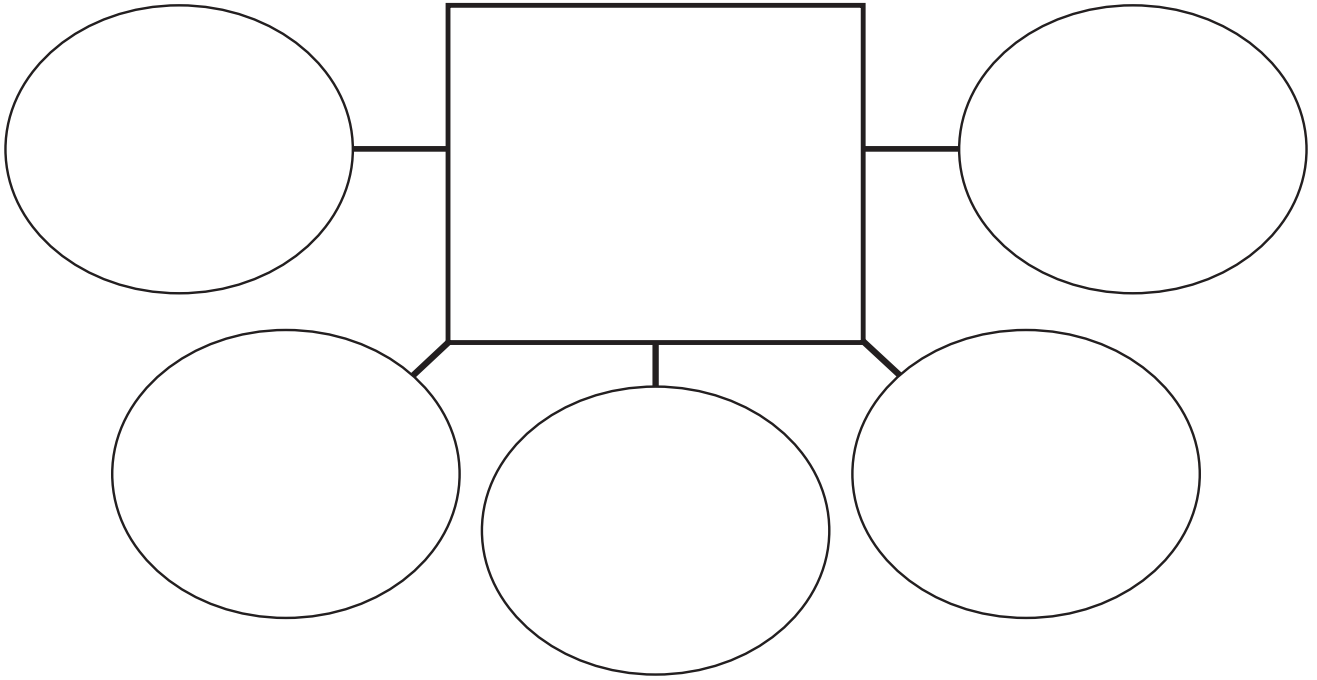

**Example**

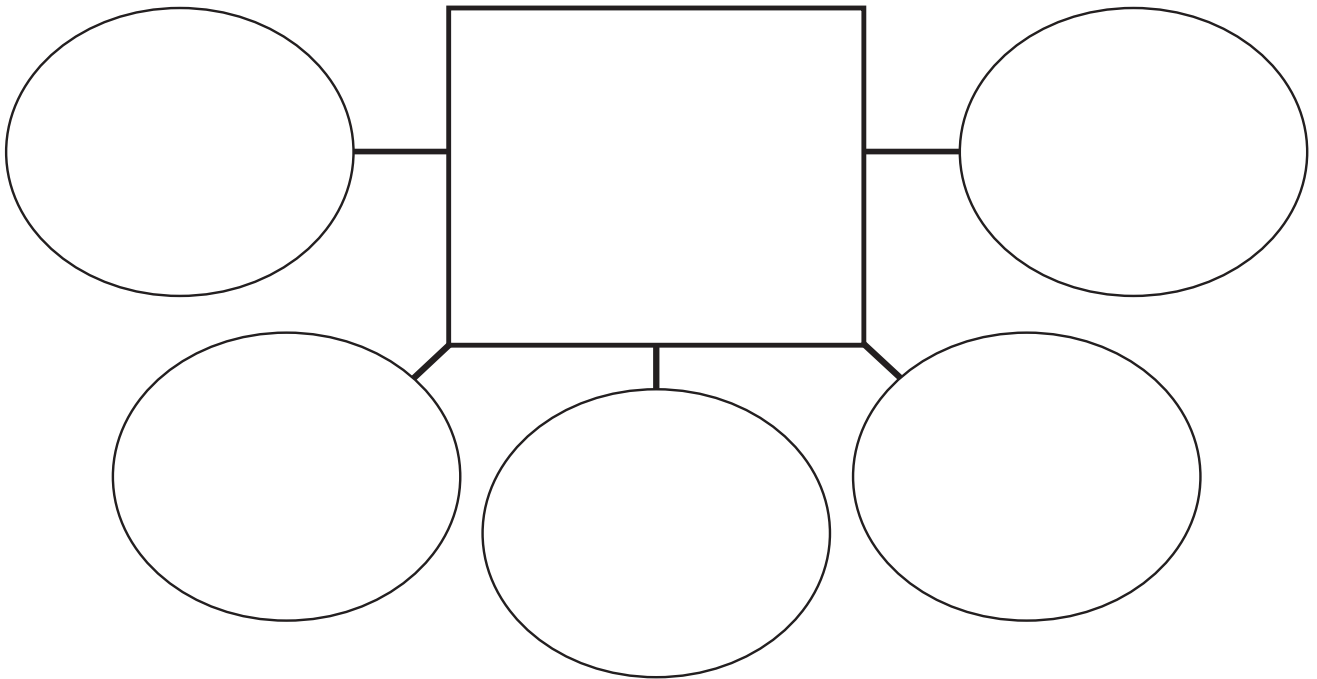

**Possibility 1**

**Possibility 2**

**Possibility 3**

Choose several of your favorite topics from your brainstorming possibilities. Then list subheadings or main ideas you could talk about on that topic. Write ideas for visual aids you could use. (If you can't think of any, maybe you could give a public speech on the topic.)

When you are done, look over all of your ideas. Determine what type of presentation would be best for that topic. Finally, choose the one that interests you and that has several subheadings you can talk about. Preparing your presentation will now be easy.

## Examples

| <b>Topic Idea</b>                    | <b>Topic Idea</b>                    | <b>Topic Idea</b>                    |
|--------------------------------------|--------------------------------------|--------------------------------------|
| Hamsters                             | Making Smoothies                     | Equine Euthanasia                    |
| <b>Subheadings/Main Ideas</b>        | <b>Subheadings/Main Ideas</b>        | <b>Subheadings/Main Ideas</b>        |
| 1. Types of hamsters                 | 1. Nutrition                         | 1. Why you would do it               |
| 2. Housing and bedding               | 2. Recipe                            | 2. Methods                           |
| 3. Feed and water                    | 3. Ingredients                       | 3. How to decide                     |
| 4. Grooming                          | 4. Show how to make one              | 4. My experience                     |
| 5. Showing                           | 5. Food safety                       | 5. Who to talk to                    |
| <b>What visual aids could I use?</b> | <b>What visual aids could I use?</b> | <b>What visual aids could I use?</b> |
| Hamster                              | Blender                              | Not sure; pictures might be          |
| Cage/bedding                         | Ingredients                          | too disturbing                       |
| Toys                                 | Cool cup                             |                                      |
| Food                                 | Recipe                               |                                      |
| <b>This would make a good</b>        | <b>This would make a good</b>        | <b>This would make a good</b>        |
| illustrated talk because there are   | demonstration because there is       | public speech because there are      |
| several ideas to talk about, it is   | a step process I can demonstrate     | no visuals, I can share a personal   |
| educational and there are inter-     | and there will be a finished prod-   | story and I can get the audience     |
| esting visuals to use.               | uct to share.                        | to react.                            |

|                                      |                                      |                                      |
|--------------------------------------|--------------------------------------|--------------------------------------|
| <b>Topic Idea</b>                    | <b>Topic Idea</b>                    | <b>Topic Idea</b>                    |
| <b>Subheadings/Main Ideas</b>        | <b>Subheadings/Main Ideas</b>        | <b>Subheadings/Main Ideas</b>        |
| <b>What visual aids could I use?</b> | <b>What visual aids could I use?</b> | <b>What visual aids could I use?</b> |
| <b>This would make a good</b>        | <b>This would make a good</b>        | <b>This would make a good</b>        |
