Approved withdrawal times must be followed to assure that consumers receive wholesome food. Withdrawal times should be observed and followed.

32. Youth for the Quality Care of Animals (YQCA): Training will be required to be completed by June 15th for any 4-H/FFA member that wishes to sell swine, sheep, goat or beef at the county fair either through the premium auction or by private treaty. The training must be taken every year and will be offered as a one-session class in each of the four River Valley Extension District counties or as a web-based training. Training times and locations will be in the 4-H Newsletter, the River Valley Extension District web page, and on the River Valley Extension District 4-H Facebook page. Parents are strongly encouraged to attend with the 4-H/FFA member. Although this training is required only for selling of animals at the fair, it is highly recommended for all livestock project members for its educational value in teaching the production of safe and wholesome products for the food chain.

33. All River Valley 4-H and FFA livestock must have a health inspection before exhibiting at the county fair according to the State of Kansas Animal Health Requirements (see above) and local fair board requirements. These inspections may consist of current health papers completed by a licensed veterinarian or inspection by a licensed veterinarian before unloading/weigh-in at the fair. Poultry with a valid test must present appropriate paperwork and have a permanent leg band in place. Check your county pre-fair newsletters for the requirements for your specific county fair.

34. In the event of a conflict of General and Specific rules, the latter rule will govern. See grievance committee guidelines under the 4-H & FFA General Rules. Their decision is final.

Exhibit Check-in: Wednesday, July 8, 2020: 10:30 a.m.-11:00 a.m.
Judging: Thursday, July 9, 2020: 6:30 p.m.

2. All animals from all youth must be owned by weigh-in/tagging time for market and by pre-entry time for breeding beef.
3. The steer and heifer show will be a no fit show, “Blow and Show”. “No Fit,” is defined as using no adhesive, glue, paint or powder products. Nothing stiff or sticky may be used. The judge must be able to run a comb through the hair. Any product used must be water-soluble. The use of twining hair and/or dying the animal's coat to change the natural integrity is prohibited. If the product doesn’t fit within these guidelines, then don’t use it.
4. Each exhibitor must care for and groom his or her own animal during the fair and may use only the assistance of an immediate family member (mother, father, step-parent, legal guardian, brother, or sister) or another 4-H or FFA member from the respective county fair who is also an exhibitor at this year’s county fair.
5. Forfeiture of premiums and exclusion from the premium sale may result from infractions of these rules.
6. A neck rope is required on all animals tied in the stalls/exhibit area.
7. Contact the River Valley District Livestock Agent, 4-H Agent, or any RVED office for State Fair and Kansas Junior Livestock Show nomination requirements, entry information, and deadlines.
8. Market Beef
   a. All market beef must be tagged with an official Kansas 4-H electronic identification ear tag and must have been tagged and weighed at a spring weigh-in time to be eligible to show. The livestock agent should be contacted if a tag is lost and arrangements for a replacement tag must be made before coming to the fair. Animals brought to the fair without a tag and with no prior arrangements for a replacement may be deemed ineligible by the livestock agent and superintendent.
   b. Spring weigh-in times serve as the official start of the rate of gain measure. All market beef will be weighed at the time of fair check-in to establish a show weight, final rate-of-gain weight, and sale weight. There will be NO weigh back.
   c. Market beef animals should weigh a minimum of 1000 pounds. Animals weighing 999 pounds and less will be placed in the feeder calf division to be shown at the beginning of the market beef classes. Feeder calves are not eligible to show for Grand or Reserve Grand Champion or sell in the auction.
   d. The registerable breed must be declared on the pre-fair entry form by the deadline as established by your local River Valley Extension District Office. The animal must exhibit breed characteristics and the final determination will be made by the RVED Extension designee and the superintendent.
   e. A minimum of two (2) animals is required to form a breed class. When there are not two (2) animals in a breed, the animal will be moved to the All Other Breeds or Commercial classes as available. Classes may be broken on weight or breed at the superintendent’s discretion.
   f. Market heifers will not be broken by breeds. Market heifers that do not make weight may be switched to breeding beef at the fair weight-in. In this case the youth has met identification requirements and does not need to have submitted a River Valley Breeding Animal Registration form.
   g. All market beef animals should have been born after January 1st of the prior year.
   h. Class or Breed Champion Market Steers and Market Heifers (meeting 1000 pound weight requirement) will compete for Grand Champion Market Beef.
9. Breeding Beef
   a. Registered and Commercial breeding heifers must have a River Valley Breeding Animal Registration Form on file at the local Extension office by the date set by the River Valley Extension District.

Top showman from Intermediate and Senior classes will be eligible for the Round Robin competition.

1. **Read 4-H & FFA General Rules, Livestock Health Requirements, and 4-H & FFA Livestock Rules.**
2. 4-H members may exhibit in both bucket calf and second-year bucket calf classes. However, it is the intent of the bucket calf project to be an entry-level class so youth are discouraged to show a market steer within the same year.

3. **Bucket Calf**
   a. Calves must be born between Jan 1 and April 30 of the current year.
   b. You must own the animal you exhibit by May 1 of the current year.

4. **Second-Year Bucket Calf**
   a. Calves previously tagged and shown by the 4-H member as a 4-H or open class bucket calf may be shown as a second-year bucket calf with no additional tagging or weigh-in requirements.
   b. Calves previously tagged and shown by the 4-H member as a 4-H or open class bucket calf may be shown as a market steer/heifer with the appropriate tagging, ownership, and weigh-in requirements. The exhibitor must choose this option at the scale at the fair weigh-in.
   c. Calves previously tagged and shown by the 4-H member as a 4-H or open class bucket calf may be shown as a breeding heifer with the submission of the appropriate breeding animal entry form.
   d. 4-H members may be 13 years-of-age by 4-H age when exhibiting second-year bucket calves.

5. Bucket Calves and second-year Bucket Calves must be tagged, pre-entered, and the 4-H Bucket Calf Identification Form must be submitted to the local River Valley District Office by the pre-entry deadline.

6. Judging will be based on 50% consultation interview and 50% ring showmanship.

7. Interviews for Bucket Calf and second-year Bucket Calf will take place before the showmanship at a location designated by the superintendent. It will be optional for the member to have the bucket calf at the interviews at the superintendent’s discretion based upon the facility, temperature, time, etc. Members will be notified before the show. Participants must bring the “Bucket Calf Record for County Fair Interview” with them to the interview. A list of potential interview questions and coloring activity for part of the calf can be obtained from the extension office for review.

8. Bucket calves and second-year Bucket Calves will be judged by a consultation interview using these guidelines:
   a. What the 4-H'er learned about caring for and raising the calf
   b. The general knowledge of the 4-H'er in health-related areas
   c. Completion of the record sheet to the best of the member’s ability

9. Bucket calves will also be judged in the show ring for showmanship. Fitting and showing will be according to either beef or dairy guidelines, with emphasis on how much the 4-H'er learned and can do without help. However, parental guidance is encouraged.

10. No show sticks will be allowed in the bucket calf show. Show halters are optional but encouraged for safety reasons to provide better control of the animal.

11. Champion and reserve will be selected in each age division of Bucket Calf. Second-year bucket calves, both heifers and steers, will compete against each other in the ring for an overall second-year bucket calf award.

4-H & FFA ROUND ROBIN SHOWMANSHIP CONTEST  
Judging: Friday, July 10, 2020: 6:30 p.m.

Senior Champion Showmanship and Intermediate Champion Showmanship winners in Beef, Horse, Sheep, Goat, and Swine are eligible to compete for an overall trophy in Round Robin Showmanship. Overall Senior Champion of Round Robin will also receive the Round Robin belt buckle.

If an exhibitor qualifies in multiple species, the exhibitor must decide the specie they will represent and notify their superintendent by Thursday night, 30 minutes following the Beef Show if the exhibitor is not showing in the Horse project on Friday. 4-Hers and FFA Horse contestants must notify the superintendent immediately following the Horse Show on Friday. This allows time to offer to successive showmen in the needed species.

Seniors and Intermediates are divided into their two respective age groups. Seniors are numbered randomly S1-S5 and Intermediates are numbered randomly I1-I5. Each animal in the species will be numbered 1-5. The contestant’s number will correspond with the animal they show in each species. When the exhibitor shows the specie they received top showman in, they will show their animal and trade animals with the other exhibitor who may have had their animal’s number (if necessary).

In case of a tie in the Round Robin, the highest score of the exhibitor’s specie will determine the winner. In the event of a second tie, the judge will draw a specie to be shown again only by the tied youths.

Exhibit Check-In and Judging: Monday, July 6, 2020, at 9:00 a.m. in Hosie Building

1. Read 4-H & FFA General Rules.
2. Items that have been in use should be cleaned for the exhibit.
3. A sheet of operating instructions should be furnished for any exhibit not self-explanatory.
4. Projects (classes, 2301, 2302, and 2303) must be usable using only 110 or 120V AC or battery power. If battery power is required, batteries must be furnished.
5. Any project with a complexity of size or electronics must have (a) instructions for assembly and use and (b) equipment available at the time of judging for actual testing of the exhibit.
6. No hand-dipped solder may be used on exhibits.

Section A – Electrical and Electronics

*Class 2301 AC Electric Projects. Electric projects with a 110 or 120 V alternating current (AC) power source. Some project examples are household wiring demonstrations, small appliances, extension cords, trouble lights, indoor or outdoor wiring boards, or shop lights. Projects may be a restoration or original construction. The project must be operational and meet minimum safety standards. AC projects must be 110/120V, no 240V exhibits are allowed, and must be constructed such that the judge has wiring access to examine the quality and safety of workmanship.

*Class 2302 DC Electric Project. Electric projects with a battery or direct current power source. This class includes electronic kits or original projects. This class also includes a demonstration of DC powered projects. Examples include: wiring two or three-way switches, the difference between series/parallel lighting circuits or wiring doorbells switches. All DC electric projects must include batteries supplied by 4-H’er. Projects must be constructed such that the judge has access to examine the quality of wiring workmanship.

*Class 2303 Electronic projects with a battery or direct current power source. This class includes electronic kits or original projects. Examples include radios, telephones, toy robots, light meters, security systems, etc. May be constructed using a printed circuit board, wire wrap, or breadboard techniques. Include instruction/assembly manual if from a kit. Include plans if an original project. Projects must be constructed such that the judge has access to examine the quality of wiring workmanship.

*Class 2304 Educational Displays and Exhibits. The purpose of the educational display and exhibit is to educate the viewer about a specific area of the 4-H electrical or electronics project. The display or exhibit should illustrate one basic idea. This class includes any educational displays, exhibits, or science fair projects which DO NOT have a power source, i.e. exhibits, posters or displays or wire types, conduit types, electrical safety, tool or motor parts identification, or electrical terminology. Educational displays and exhibits must be legible from a distance of four feet using a maximum tri-fold size of 3’ x 4’.

Section B – Small Engines - All exhibits should involve engines smaller than 20 horsepower for classes 2305-2307. Displays are limited to 4’ wide and 4’ deep - both upright and floor displays.

*Class 2305 DISPLAY - Exhibit a display, selecting one of the following options: 1) a display identifying different engine or lawn and garden equipment parts or a display showing the function of the various engine or lawn and garden equipment parts; OR 2) a display identifying and explaining the function(s) of different special tools needed for small engine work; OR 3) a display illustrating and providing the results of any one of experiments that are included in the project books. No complete engines, lawn tractors, tillers, chainsaws are permitted for display. Maximum tri-fold size is 3’ x 4’.

*Class 2306 MAINTENANCE - Exhibit a display that illustrates either 1) Routine maintenance procedures OR 2) Diagnosing and troubleshooting specific problems in an engine. No complete engines, lawn tractors, tillers, chainsaws, etc. are permitted for display, using a maximum tri-fold size of 3’ x 4’.

*Class 2307 OPERATION - Exhibit an operable small engine (no more than 20 HP) overhauled or rebuilt by the member. *Class 2308 EDUCATIONAL DISPLAY - Create an exhibit that addresses a focused topic related to power generated from a renewable energy source. The purpose of the exhibit is to inform and create awareness.

*Class 2309 EXPERIMENT – Display an experiment addressing a problem or question related to power generated from a renewable energy source. Include hypothesis, background research, variables, control, data, findings, conclusions, and recommendations for future study.

Division 24
1. Read 4-H & FFA General Rules.
2. Resources for exhibiting can be found on the Kansas 4-H Entomology project page.
3. **Collection Classes**
   A. All entries should be submitted in an 18 x 24 x 3.5-inch wooden display box with a clear plastic top (such as plexiglass). Boxes can be handmade or purchased as long as they are of the correct size. Please visit the website listed above for box instructions and plans.
   B. 4-H members may choose to use one of two taxonomies:
      i. As printed in "Insects in Kansas" book OR
      ii. As printed on the "Insects in Kansas Book: 2016 Revised Taxonomy", which follows [www.bugguide.net](http://www.bugguide.net)
   C. Each exhibitor is required to identify each box with two identification labels bearing the Exhibitor’s name, county or district, the class, and statement of taxonomy used.
   D. One label goes in the upper left corner of the box (inside) and the other on the lower right corner of the box (outside). Arrange specimens in the box so the box can be displayed lengthwise.
   E. The number of orders, specimens (and families where required) must be included on both of the exhibitor’s box identification labels. Only one adult insect per species can be used in the Collection Boxes and NoteBook Classes, unless labeled as male or female and correctly identified.
   F. Arrangement of specimens: The preferred method is to arrange the insects in groups or rows parallel to the short sides of the box. Specimens are to be arranged by Order in the box, then Family where required.
   G. Two labels should be centered on the pin beneath each specimen. First (closest to the specimen) is the common name label and the second label should include date/locality. Full county name and state abbreviation should be on the second label. The collector's name (or host) on the date/locality label is optional.
   H. The specimens should be collected by the exhibitor and should focus on Kansas insects. Insects may be collected from one county into bordering states and labeled accordingly. Please refer to the “Entomology Collection Exhibit Resource” for full details on out-of-state insects in collections.
   I. Only specimens of the class Insecta should be included.
   J. Purchased insects are not to be exhibited in collections, but they may be used in educational displays.
   K. Specimens of soft-bodied insects such as aphids, lice, termites, etc. should be exhibited in alcohol filled vials; however, the use of alcohol filled vials should be limited to only those specimens that lose their shape when pinned, since the vials pose a significant hazard to the rest of the collection if they become loose in transit.

4. **Notebook Classes**
   A. Individual entries are to be placed for display in a three-ring notebook for competition.
   B. 4-H members may choose to use one of two taxonomies:
      i. As printed in "Insects in Kansas" book OR
      ii. As printed on the "Insects in Kansas Book: 2016 Revised Taxonomy", which follows [www.bugguide.net](http://www.bugguide.net)
   C. 4-H’ers who have been previously enrolled in or are currently enrolled in the other phases of the Entomology project need to start with the Beginning Phase of Entomology Notebooks, not the Introductory Phase.
   D. Each exhibitor is required to identify the notebook by placing a Title Page in the front of the notebook bearing the exhibitor’s name, county or district and class 4-H’er is enrolled in and statement of taxonomy used:
      i. “Insects in Kansas” book or
      ii. “Insects in Kansas Book: 2016 Revised Taxonomy”, which follows [www.bugguide.net](http://www.bugguide.net)
   The number of orders, specimens, and families (required in Intermediate and Advanced classes) must also be included on the Title Page.
   E. Specimen pages should be grouped according to order and should include one page per species. If more than one insect is in the photo, an arrow to indicate identified insects should be used.
   F. Date, common name, full county name, and state abbreviation should be included for each species. The collector’s name on the specimen page is optional.
   G. Specimen pages should have two different views of the insect if possible. If pictures are taken on different dates/localities, include information for both.
   H. A statement describing the habitat where found/host plant may be included and is encouraged and will be worth a bonus 10 points total, not per page. For Intermediate and Advanced notebooks, this is strongly encouraged.
   I. A divider page is to be placed in front of each order of insects with the order name printed on the tab for the page as well on the front of the divider page.
   J. For the Intermediate and Advanced classes, insects are also to be grouped by the family behind each order divider.
   K. If the exhibitor has been in the same class for more than one year, a separate sheet of paper needs to be added stating how many years the exhibitor has been in this class of the project and what the exhibitor did this year to improve their notebook. Place the paper just behind the Title Page in front of the notebook.
L. A special project must be completed each year and included in the notebook. See project guideline materials for specifications.

M. Refer to the publication "Entomology Collection Notebook Guidelines" on the Kansas 4-H Entomology web page for more detailed rules for exhibiting.

5. Educational Display Classes

A. Share with others what you learned in this project. Exhibit any activity or learning experience related to the field of entomology or the Teaming with Insects curriculum that does not fit into Entomology Collection or Notebook classes above.

B. The exhibit may be, but isn’t limited to, original works, digital presentations (must provide printed hardcopy for exhibit purposes for the duration of state fair), programs, websites, games, apps, display box, notebook, display or poster which you have made.

C. If the exhibit is a wooden display box, it must be 18 X 24 X 3.5 inches with a clear plastic top (such as plexiglass) and displayed horizontally. If the exhibit is a poster, it must not be larger than 22” X 28”. If the exhibit is a display, the maximum size is not to exceed a standard commercial 3’ X 4’ tri-fold display board.

D. Name and county/district must clearly be marked on educational exhibits.

Division 25
4-H GEOLOGY & LAPIRARY
Judging: Tuesday, June 9, 2020, at 1:00 p.m. Via Zoom
Exhibit Check-In: Tuesday, July 7, 2020 – Hosie Building

1. Read 4-H & FFA General Rules.
2. The exhibit box should be 18” x 24” x 3½”. Plexiglass covers are required. Boxes with glass-covered WILL NOT be accepted. All specimens are to be arranged across the narrow (18”) dimension of the exhibit box, making the exhibit 18” across the top and 24” deep exactly. If a box has a sliding plexiglass cover, it must be removable from the top. Screws, locks, or other devices that would prevent judges from removing glass cover should not be used. For Lapidary classes, 2508 – 2513 only, the dimensions of the box should be appropriate for the display, but should not exceed 18”x24”x3 ½”.
3. Each exhibitor is required to identify each display box by placing an identification label bearing the name, county, and the number of specimens in the upper left-hand corner of the plexiglass cover (inside – use clear double-sided tape to adhere gummed labels) and by attaching a label with the same information on the lower right corner of the box (outside).
4. Exhibitor may enter in both geology and lapidary classes. Exhibitors may show in only one of the following geology classes: 2501, 2502, 2503, 2504, or 2505. Exhibitors may also show in geology class 2506 (special exhibit), 2507 Mineralogy, 2508 Fossils, and in one lapidary class.
5. Geology specimens should be labeled with the number of the specimens, date collected, specimen name or description, and locality (county only) where collected.
6. For the geology classes 2501, 2502, 2503, 2504, 2505 specimens should be mounted in the box by proper groups - rocks, minerals, fossils. Fossils must be identified to the Phylum, Class, and Genus level. Genus name is to begin with a capital letter. The species name is all lower case. Genus and species names must either be italicized or underlined, not both. The words, “phylum, class, genus” on labels are to be spelled out, not abbreviated. More than one specimen of the same kind of rock or mineral or species of a fill may be exhibited if this duplication represents different geological formation. Specimen label must show this distinction (Fort Hays limestone, not just limestone; calcite from the Greenhorn Formation, not just calcite; Phylum: Brachiopoda Class: Articulata Genus: Composita from the Morrill Limestone Member, not just Phylum: Brachiopoda Class: Articulata Genus: Composita).
7. For geology classes 2501-2505, and 2507 all specimens must be collected by the participant (not purchased) from locations in Kansas, except for Tri-State Mining Area specimens collected from these three adjacent counties: Ottawa County, OK; Newton and Jasper Counties, MO. Other out-of-state specimens will not count in the minimum number for the class, nor will they be considered in the judging.
8. Lapidary:
   A. The lapidary classes will be judged on the following criteria:
      • Workmanship and Content - 60 points
