Check with the specie superintendent for the approved bedding for the particular specie.
20. Each exhibitor must show his or her own animal without assistance, notwithstanding special circumstances. If the exhibitor has more than one

entry in a class or in the Champion Drive, is unable to show due to sickness or injury, or has other superintendent approved reasons, another 4-H or FFA member of that county may show the animal, with prior approval by the superintendent of the division. Infractions of this rule will result in forfeiture of award for this animal in this class.

21. Exhibitors must own the animals they show. Ownership is established for breeding animals at the time of pre-entry via the Breeding Animal Registration Form and for market animals at spring tagging. Market animals that are family nominated must declare exhibitors before the animal enters the scale at fair weigh-in. To be eligible for showmanship, the exhibitor must show the animal in a market or breeding class.
22. In order to be eligible to show, animals must be individually owned or leased by the 4-H or FFA member. However, breeding animals may be co-owned or co-registered by one or more 4-H/FFA members of the same family but only one owner/member may enter and exhibit that animal in the fair.
23. Animals involved in a leasing program need to have lease papers on file by designated times.
24. Superintendent will have discretion to break classes. There will be no minimum number of animals per class to be judged by breed. All breeds not designated in the classes and or breed listing will be shown as AOB.
25. Rate of Gain awards will be available in all market species, except swine, if animal was weighed at the official River Valley District weighing date and on the scale used that date.
26. Any animal entered in the fair may be used for Livestock Judging Contest.
27. No animal may be shown in more than one class. The exception is an animal shown in a class that evaluates the animal may also be used for showmanship and fur classes for Rabbits. This includes open class entries.
28. Feeding and watering is allowed in designated areas only. Specie superintendents will instruct youth on these locations.
29. Any animal deemed dangerous by superintendent, agent, or fair board, will be expelled from the fairgrounds by the division superintendent.
30. Tranquilizers are NOT allowed.
31. Exhibitors, their parents, leaders, and other adults have a serious responsibility to use animal *health aids (drugs), growth promotants, and any other approved materials with great care, only when needed, and in correct amounts*. Approved withdrawal times must be followed to assure that consumers receive wholesome food. Withdrawal times should be observed and followed.
32. **Youth for the Quality Care of Animals (YQCA):** Training will be **required** to be completed by June 15th for any 4-H/FFA member that wishes to sell swine, sheep, goat, or beef at the county fair either through the premium auction or by private treaty. The training must be taken every year and will be offered as a one session class in each of the four River Valley Extension District counties or as a web-based training. Training times and locations will be in the 4-H Newsletter, the River Valley Extension District web page, and on the River Valley Extension District 4-H Facebook page. Parents are strongly encouraged to attend with the 4-H/FFA member. Although this training is required only for selling of animals at the fair, it is highly recommended for all

livestock project members for its educational value in teaching the production of safe and wholesome products for the food chain.

33. All River Valley 4-H and FFA livestock must have a health inspection prior to exhibiting at the county fair according to the State of Kansas Animal Health Requirements (see above) and local fair board requirements. These inspections may consist of current health papers completed by a licensed veterinarian or inspection by a licensed veterinarian prior to unloading/weigh-in at the fair. Poultry with a valid test must present appropriate paperwork and have a permanent leg band in place. Check your county pre-fair newsletters for the requirement for your specific county fair.
34. In the event of conflict of General and Specific rules, the latter rule will govern. See grievance committee guidelines under the 4-H & FFA General Rules. Their decision is final.

4-H ENTOMOLOGY

Judging: Monday, June 27th in Belleville

Superintendent: Knuth Fengel

Pre-Fair Consultation Judging: Monday, June 27th, 2:00 p.m.

Belleville Extension Office

Exhibit Check In: Tuesday, July 19th, 6:00-7:30 p.m., Floral Hall

1. Read 4-H & FFA General Rules.
2. Resources for exhibiting can be found on the Kansas 4-H Entomology project page.
3. **Collection Classes**
 - A. All entries should be submitted in an 18 x 24 x 3.5 inch wooden display box with a clear plastic top (such as plexiglass). Boxes can be handmade or purchased as long as they are of the correct size. Please visit the website listed above for box instructions and plans.
 - B. 4-H members may choose to use one of two taxonomies:
 - i. As printed in "Insects in Kansas" book OR
 - ii. As printed on the "Insects in Kansas Book: 2016 Revised Taxonomy", which follows www.bugguide.net
 - C. Each exhibitor is required to identify each box with two identification labels bearing Exhibitor's name, county or district, the class, and statement of taxonomy used.
 - D. One label goes in the upper left corner of the box (inside) and the other on the lower right corner of the box (outside). Arrange specimens in the box so the box can be displayed lengthwise.
 - E. The number of orders, specimens (and families where required) must be included on both of the exhibitor's box identification labels. Only one adult insect per species can be used in the Collection Boxes and NoteBook Classes, unless labeled as male or female and correctly identified.
 - F. Arrangement of specimens: The preferred method is to arrange the insects in groups or rows parallel to the short sides of the box. Specimens are to be arranged by Order in the box, then Family where required.
 - G. Two labels should be centered on the pin beneath each specimen. First (closest to the specimen) is the common name label and the second label should include date/locality. Full county name and state abbreviation should be on the second label. Collector's name (or host) on the date/locality label is optional.
 - H. The specimens should be collected by the exhibitor and should focus on Kansas insects. Insects may be collected from one county into bordering states and labeled accordingly. Please refer to

“Entomology Collection Exhibit Resource” for full details on out-of-state insects in collections.

- I. Only specimens of the class Insecta should be included.
- J. Purchased insects are not to be exhibited in collections, but they may be used in educational displays.
- K. Specimens of soft bodied insects such as aphids, lice, termites, etc. should be exhibited in alcohol filled vials; however, the use of alcohol filled vials should be limited to only those specimens that lose their shape when pinned, since the vials pose a significant hazard to the rest of the collection if they become loose in transit.

4. **Notebook Classes**

- A. Individual entries are to be placed for display in a three-ring notebook for competition.
- B. 4-H members may choose to use one of two taxonomies:
 - i. As printed in “Insects in Kansas” book OR
 - ii. As printed on the “Insects in Kansas Book: 2016 Revised Taxonomy”, which follows www.bugguide.net.
- C. 4-H’ers who have been previously enrolled in or are currently enrolled in the other phases of the Entomology project need to start with the Beginning Phase of Entomology Notebooks, not the Introductory Phase.
- D. Each exhibitor is required to identify the notebook by placing a Title Page in the front of the notebook bearing the exhibitors name, county or district and class 4-H’er is enrolled in and statement of taxonomy used:
 - i. “Insects in Kansas” book or
 - ii. “Insects in Kansas Book: 2016 Revised Taxonomy”, which follows www.bugguide.net

The number of orders, specimens, and families (required in Intermediate and Advanced classes) must also be included on the Title Page.

- E. Specimen pages should be grouped according to order and should include one page per species. If more than one insect is in the photo, an arrow to indicate identified insect should be used.
- F. Date, common name, full county name and state abbreviation should be included for each species. Collector’s name on the specimen page is optional.
- G. Specimen pages should have two different views of the insect if possible. If pictures are taken on different dates/localities, include information for both.
- H. A statement describing the habitat where found/host plant may be included and is encouraged and will be worth a bonus 10 points total, not per page. For Intermediate and Advanced notebooks, this is strongly encouraged.
- I. A divider page is to be placed in front of each order of insects with the order name printed on the tab for the page as well on the front of the divider page.

- J. For the Intermediate and Advanced classes, insects are also to be grouped by family behind each order divider.
- K. If the exhibitor has been in the same class for more than one year, a separate sheet of paper needs to be added stating how many years the exhibitor has been in this class of the project and what the exhibitor did this year to improve their notebook. Place the paper just behind the Title Page in the front of the notebook.
- L. A special project must be completed each year and included in the notebook. See project guideline materials for specifications.
- M. Refer to the publication "Entomology Collection Notebook Guidelines" on the Kansas 4-H Entomology web page for more detailed rules for exhibiting.

5. Educational Display Classes

- A. Share with others what you learned in this project. Exhibit any activity or learning experience related to the field of entomology or the Teaming with Insects curriculum that does not fit into Entomology Collection or Notebook classes above.
- B. The exhibit may be, but isn't limited to, original works, digital presentations (must provide printed hardcopy for exhibit purposes for duration of state fair), programs, websites, games, apps, display box, notebook, display or poster which you have made.
- C. If the exhibit is a wooden display box, it must be 18 X24 X 3.5 inches with a clear plastic top (such as plexiglass) and displayed horizontally. If the exhibit is a poster, it must not be larger than 22" X 28". If the exhibit is a display, maximum size is not to exceed a standard commercial 3' X 4' tri-fold display board.

4-H GEOLOGY & LAPIDARY

Superintendent: Knuth Fengel

Pre-Fair Consultation Judging: Monday, June 27th, 4:00 p.m.

Belleville Extension Office

Exhibit Check In: Tuesday, July 19th, 6:00-7:30 p.m., Floral Hall

1. Read 4-H & FFA General Rules.
2. The exhibit box should be 18" x 24" x 3½ ". Plexiglass covers are required. Boxes with glass covered WILL NOT be accepted. All specimens are to be arranged across the narrow (18") dimension of the exhibit box, making the exhibit 18" across the top and 24" deep exactly. If a box has a sliding plexiglass cover, it must be removable from the top. Screws, locks, or other devices that would prevent judges from removing glass cover should not be used. For Lapidary classes 2508 – 2513 only, the dimensions of the box should be appropriate for the display, but should not exceed 18"x24"x3 ½".
3. Each exhibitor is required to identify each display box by placing an identification label bearing name, county, and number of specimens in the upper left-hand corner of the plexiglass cover (inside -- use clear double-sided tape to adhere gummed labels) and by attaching a label with the same information on the lower right corner of the box (outside).
4. Exhibitor may enter in both geology and lapidary classes. Exhibitor may show in only one of the following geology classes: 2501, 2502, 2503, 2504 or 2505. Exhibitor may also show in geology class 2506 (special exhibit), 2507 Mineralogy, 2508 Fossils, and in one lapidary class.
5. Geology specimens should be labeled with the number of the specimens, date collected, specimen name or description, and locality (county only) where collected.
6. For the geology classes 2501, 2502, 2503, 2504, 2505 specimens should be mounted in the box by proper groups - rocks, minerals, fossils. Fossils must be identified to the Phylum, Class and Genus level. Genus name is to begin with a capital letter. Species name is all lower case. Genus and species names must either be italicized or underlined, not both. The words, "phylum, class, genus" on labels are to be spelled out, not abbreviated. More than one specimen of the same kind of rock or mineral or species of a fill may be exhibited if this duplication represents different geological formation. Specimen label must show this distinction (Fort Hays limestone, not just limestone; calcite from the Greenhorn Formation, not just calcite; Phylum: Brachiopoda Class: Articulata Genus: Composita from the Morrill Limestone Member, not just Phylum: Brachiopoda Class: Articulata Genus: Composita).
7. For geology classes 2501-2505, and 2507 all specimens must be collected by the participant (not purchased) from locations in Kansas, with the exception

of Tri-State Mining Area specimens collected from these three adjacent counties: Ottawa County, OK; Newton and Jasper Counties, MO. Other out-of-state specimens will not count in the minimum number for the class, nor will they be considered in the judging.

8. **Lapidary:**

- A. The lapidary classes will be judged on the following criteria:
 - Workmanship and Content - 60 points
