

STAFF SPOTLIGHT

DISTRICT 4-H PROGRAM MANAGER

MACY FLORY

WASHINGTON OFFICE

Macy's Biography

"Macy was born and raised on a farm near Pomona, KS. She attended K-State and received her bachelor's degree in Human Development and Family Science. She enjoys spending time with family and friends. She really enjoys building and creating things, from drawling, to making movies to building owls out of metal, etc."

If you could go back in time, what year would you travel to and why?

"I would travel back to the 1920's. It was the end of World War 1 and the economy was good. I bet the hopes and dreams of Americans were incredible at this time. They claim a lot of cultural firsts happened during this era. I wouldn't mind seeing Babe Ruth and the first ever Mickey Mouse cartoon and of course you would have to get dressed up in the "funny" dresses and go out dancing."

If you could have one superpower what would it be and why?

"My superpower would be Telekinesis. The ability to move things from across the room with my hands and mind. I could clean things so fast. I could be doing the dishes and throw something across the room to put it away without ever moving."

What job would you be terrible at and why?

"A funeral director. I am an emotional person and would be sobbing right along with the families."

What would be your first question if you woke up from being frozen 100 years?

"Are dill pickles still a thing?"
