She loves spending time with her cattle and loves photography.”

What is one of your favorite things about your job and why?

“I am excited to begin this journey with 4-H and Clay County; I was in 4-H for 13 years and was very involved in my county back home. I cannot wait to meet the members and families and see what projects everyone is involved in.”

If you could have one superpower what would it be and why?

“The ability to fly, I wouldn't have my fear of heights and could travel places quicker.”

If you won the lottery, and you were debt-free, what would you spend your money on and why?

“I would build myself my dream house with a wraparound porch and a large show barn for my cows.”

What small gesture has a stranger done that made a big impact on you?

“There was a tow truck guy who just happened to drive by my step-dad and I on the side of the road with a blown tire, he stopped and helped us and didn't want any money for the help. He was able to help us completely before the AAA truck assigned could get to us. It showed me that even just giving labor goes along way and that is what I try to give to others more than anything.”
