Kansas State Winter Ranch Management Seminar

Please join us on Tuesday, February 5th at 5:30 p.m. for the Kansas State Winter Ranch Management Seminar. The meeting will take place in Minneapolis, at the Minneapolis Grade School (312 Delia Ave., Minneapolis, KS – Use the North Gymnasium entrance).

This year's theme will be *Strategies to Mitigate Environmental Factors Impacting Reproduction*. Topics will include: forage quality and availability impacts on beef cow-nutrition during late gestation and pre-breeding, environmental factors affecting conception rates, grazing cows in high grain environments and accelerating grower cattle on concentrate diets. We will wrap up the evening with a Town Hall Q & A session led by Extension Specialists and Agents.

The meeting will go until 8:30 p.m. and a meal is provided thanks to our sponsor MS Biotech. There is no fee to attend this seminar, but please RSVP for the meal by Tuesday, January 29th. For more information and to register call Brett Melton at 785-243-8185 or email him bmelton@ksu.edu. We look forward to seeing you on February 5th at 5:30 p.m.
