River Valley Extension District  
1/22/19

### **Tree Pruning Workshop to be Held in Belleville on February 13<sup>th</sup>**

River Valley Extension District is partnering with the Kansas Forest Service to offer a tree pruning workshop. This workshop will be held in Belleville at the 4-H Building on the NCK Free Fairgrounds (901 O. Street).

This training will provide hands-on experience about how to properly prune ornamental trees. We will be showing the proper way to prune a tree and then participants will get the chance to practice those pruning techniques and ask any questions they may have regarding tree care.

This training will begin at 3:00pm on Wednesday, February 13<sup>th</sup> and conclude at 4:30pm. It is an outside event, so participants should plan to dress for working outside. Please bring your own gloves and eye protection. Tools will be provided, but attendees may bring their own.

This event is offered at no cost and is open to the public. Participants are asked to RSVP by Monday, February 11<sup>th</sup>. Registration will be limited to 12 people. Reserve your spot by calling the River Valley Extension Office at 785-325-2121 or by emailing Horticulture Agent, Kelsey Hatesohl, at [khatesohl@ksu.edu](mailto:khatesohl@ksu.edu).
