Extension Offices Limit Exposure

As COVID-19 cases and quarantines are rapidly increasing in our area, the River Valley Extension District has locked their entry doors at this time to limit exposure to our community members and extension staff.

Extension staff is still working in the offices and can assist as needed. If in-person assistance is needed, masks and social distancing will be required. We ask that you make an appointment for any in-person assistance.

Please call our offices to discuss available options for our extension staff to assist you with your needs. Our four offices are Belleville 785-527-5084, Clay Center 785-632-5335, Concordia 785-243-8185, and Washington 785-325-2121.

Thank you for your patience as we continue to provide answers to your questions while protecting our community members and staff.
